NEWSLETTER TO MEMBERS

Newsletter no. 249

Dear Members,

two important events are coming up in Milan in late May. One is important for the world, and the other ... for fans of the brand Alfa Romeo. In fact, with the opening of the EXPO 2015, and almost simultaneously with it, the RIAR will "baptize" and open the former Alfa Romeo Test Track in Arese - entirely restored, expanded and put back to its original use. An extremely modern test and safe driving track managed by the CI and located right between the Alfa Romeo Museum, which is also being finished as we speak, and the old Alfa plants that have been transformed into an extremely modern shopping mall to be opened soon, one of the biggest in Europe.

In Arese today, as in the Portello in the past, and all created by Iper. A true and incredible historical nemesis.

And RIAR will be there with a big rally of Alfas of every age and model from May 28th to May 30th to remember the 50th anniversary of the legendary GTA and the 30th anniversary of the just as glorious 75. Both vehicles that were born in Arese and have contributed to enhance Alfa Romeo's image in every part of the world, winning everything there was to win in the Touring Class. And both vehicles that any collector today yearns for.

The rally is naturally open to any passionate Alfista in any country or from any Club and, as you can see in the program, it has a modular kind of participation, which makes it possible to be there in various ways.

Considering the exceptional circumstance of the conjunction with Expo 2015, we have inserted it into our program to offer you a certainly due and interesting visit all day Friday 29 May - tickets are already available. While on Saturday 30th, we all go to the track in Arese to let our vehicles breathe homely air in various free practice sessions. Later, we will drive along unusual and evocative roads, even private ones, on Saturday and Sunday 31st, between the Lago Maggiore and the Lago d'Orta.

You see how history often repeats itself. How many times have the people of Alfa driven along these roads? And how many times during the last war and bombings of Milan did technicians, workers, managers, drive back and forth between Milan and Orta, which is where the Alfette 158s that were later to win the World Championships of '50 and '51 with Farina and Fangio were hidden away and thus saved, and also where the Alfas that were going to contribute to making the Company and country rise from the ashes were being studied and designed? Far-away times, but a constant memory and homage that we would like to tell you about to share our ever-burning enthusiasm and strengthen already strong passions. In a setting of breathtaking locations and landscapes. Come with us.

Below are the participation fees per crew of maximum 2 people.

	Cost 2 people
* Friday. Expo Day (cost per person including: reserved and secure parking, entrance ticket to Expo and return shuttle service) €50,00	tot. € 100.00
* Friday. Expo day with overnight stay (cost per person € 205,00)	tot. € 275.00
* Saturday. Day on Arese track (car with 1 or 2 people crew max)	tot. € 80.00
* Saturday. Lunch on Arese track (per person € 35,00)	tot. € 70.00
* Saturday. Arese track, lunch, overnight stay and dinner in Baveno (cost per person € 315,00)	tot. € 415.00
* Sunday. Lago di Orta. Lunch on the lake and motorboat (cost per person € 50,00)	tot. € 100.00
* Full package for 3 days (cost per person € 575, 00)	tot. € 800.00

My warmest regards to you all.

The President
Stefano d'Amico

Sunday 31 May

- | | | |
|-------|-------------|--|
| 10.00 | Baveno | Departure for Lago d'Orta. Along the suggestive private road of the Borromeo Counts, which connects Lago Maggiore to Lago d'Orta, we will reach the peak of mount Mottarone (1491 mt), an impressive mountain dividing the two lakes. An unusually grand spectacle ranging 360° from the Apennine mountains in Liguria and the Maritime Alps, to the massive Monte Rosa, the Monviso and the Swiss mountaintops, passing through the Po plain and the incomparable scenery of the Seven Lakes (Orta, Maggiore, Mergozzo, Biandronno, Varese, Monate, Comabbio). |
| 11.30 | Lago d'Orta | Arrival in Orta San Giulio. Here on the Lago d'Orta, secret refuge of the legendary Alfetta 158s that were saved from the German raids and became future World Champions, a temporary Alfa Romeo office was set up, since its plants at the Portello had been destroyed by allied bombings. And here, on the Lago d'Orta, the rebirth of Alfa Romeos was initiated after the war. Still today, along the shores of this lake, we seem to perceive the souls of the many people who made the continuity of a legend and the birth of our passion possible, floating in the wind and in our memories. Parking and tour of the village. |
| 12.30 | ” | Boarding on motorboats to the Island of San Giulio. Lunch at the old restaurant San Giulio, part of the ancient Villa Tallone, with the typical specialties of this magnificent place. |
| 15.00 | ” | Return to Orta San Giulio by motorboat. End of the event. |

Those who wish to arrive directly in Arese on Thursday 28 May, can contact Hotel Litta Palace (Via Lepetit, 1, Lainate MI tel.02 9357 1640 reception@hotellittapalace.com), located just 300 meters from the new Arese track and the Expo, and avail themselves of the prices and conditions reserved for RIAR.
