

Closed List

RIAR Technical Commission

Last update: December 2017

Any preserved and restored Alfa Romeo vehicle, in production until 31 December 1997, can be registered and homologated (the latter only provided it corresponds perfectly to its original condition) and recognized as being of historical interest and/or collectors' value.

Also admissible for registration and homologation (the latter only provided they correspond perfectly to their original condition) are any preserved and restored Alfa Romeo vehicles in production until 1 January 1998 listed in the CLOSED LIST (2016 UPDATE):

RIAR Registro Alfa Romeo
by ALFA ROMEO FCA GROUP ITALY
viale Luraghi s.n.c.
20020 Arese (Milano)

REGISTRO ITALIANO
ALFA ROMEO

International Club

Cars more recent but built in few numbers or with peculiar characteristics (construction technique, shape) and all production cars prepared for competitions, one-seaters and sports two-seaters with Alfa Romeo engines, may also be presented for registration and homologation (they will be assessed case by case with the support of valid documentation to prove the vehicle's specific racing activity).
