

REGISTRO ITALIANO ALFA ROMEO (R.I.A.R.) International Club

Arese, 27 Febbraio 2024

Circular letter no. 360

Dear Member,

This year's big event is Sardinia, an island that reveals millennia of history, beliefs and customs, a microcosm in which the succession of civilizations has deeply imprinted its traces on the land and forged a people with a distinct personality.

So not only naturalistic attractions with unspoiled landscapes and a transparent sea, but an ancient land that we will travel through with our Alfa Romeos to discover a unique mix of history, a heritage of culture and traditions that have survived over the centuries handed down by the elderly from generation to generation with a dialect that is to be considered a language distinct from Italian.

From north to south on the island's most beautiful roads, we will visit the Asinara National Park, Nuragic complexes of Prehistoric Sardinia, with a few moments of marine relaxation and routes to discover local crafts and customs.

For organizational reasons, the tour will be limited to a maximum of 30 cars, the fee for two-

People crew will be 3,000 Euros, excluding the round-trip ferry tickets to allow you to decide independently dates and locations of arrival and departure; the cars will have to be in compliance with the overhaul and insurance for which we suggest to have the road assistance included, the driver with a valid driver's license, and do not forget to report any alimentary intolerances or allergies.

We kindly ask you to send your enclosed entry form to registroalfa@riar.it, we remind you subscriptions will close on 30 April.

Warm wishes,

The President
Ermanno Keller
